The Committee shall meet ordinarily once in three months to consider the report on the audit of the accounts for the previous quarters and discuss any matter connected with the management of the Hostel that may be brought up. A week's notice shall be given of such meetings.

A special meeting of the Committee may be called by the President for disposal of any urgent business, of which at least three days' previous notice is given.

The accounts of the Hostel shall be audited by a competent auditor.

All moneys received to the credit of the Hostel shall be deposited in the Bank of Mysore or any other Bank approved by the Residence Committee.

### (ii) ADMISSION

The Hostel is open for admission of University students. Members of the University staff may be admitted if there are vacancies.

Applications for admission or readmission to the Hostel should be made in the prescribed form not later than the 30th of June each year.

Application for fresh admission should be accompanied by a registration fee of one rupee which will be credited as the admission fee of those who are admitted and returned in other cases.

Each boarder shall pay on admission a deposit amount of Rs, 40. The account of each boarder shall be adjusted out of the caution money at the end of each academic year. It may be permissible for the boarder not to receive the balance at his credit. This, however, will not exempt him from having to apply for readmission.

### (iii) THE WARDEN

The Warden shall be in direct charge of the Hostel subject to the orders of the President.

### (iv) THE MEDICAL OFFICER

There shall be a medical officer attached to the Hostel who will not be lower in rank than an Assistant Surgeon. He shall be required to pay not fewer than three visits a week to the Hostel and spend an hour in the Hostel each time. He shall be responsible for the proper supervision of the sanitary arrangements of the Hostel premises and the inspection of food. A register shall be maintained and cases of illness and treatment given recorded therein.

If the period of absence exceds 24 days consecutively in the same month he shall be charged for the remaining days of the month at guests' rate. But this does not exempt him from the payment of room rent, establishment charges, etc. Absence shall be intimated in writing to the Warden previously.

### SUPERVISION OF LICENSED LODGINGS

As regards students neither boarding in the hostels nor living with their relations, a system of supervision by the University authorities, is in force. Hostels and lodgings where such students reside are periodically visited and inspected, with a view to see that certain conditions as regards accommodation, sanitation and food are in force. The hostel committees undertake this duty, and on their reports the required licenses issue from the University under the Vice-Chancellor's orders. In this way a very wholesome influence is exercised in the interests—moral, physical and intellectual—of such students as do not come under the direct authority of the hostels. Every student of the University has to fill in a printed form furnishing the necessary information as regards his place of messing and residence.

## The Graduates Appointment Bureau

This Bureau was established in July 1918, the year of the first conferment of degrees by the University. A register of the appointments held by graduates is kept. All graduates of the Mysore University are invited to intimate at the University office both their addresses and appointments. Those heads of departments and employers who have vacant appointments at their disposal are also invited to forward particulars of the latter with a view to obtaining suitable graduates. Besides answering these useful purposes, the Bureau will be the means of keeping the Mysore graduates in touch with their *alma mater* and with each other long after they have taken their degree. No fees are charged by the Bureau.

The activities of the Bureau have been temporarily suspended.

## University Students' Information Bureau

The Secretary will be glad to answer queries relating to courses of study abroad from those who are thinking of proceeding abroad for further study.

It is essential that such enquiries, if they relate to British Universities, and applications for admission to such Universities, should be sent to him. Otherwise, they may merely be referred back to him from Britain, about two months' time thus being lost.
